

"The Handybar® creates a safe support handle, just where I need it!"

Handybar®

fits millions of vehicles worldwide.

Everyone can benefit from the Handybar®:

- Independence
- Confidence
- Injury Prevention
- Security
- Mobility
- Emergency Escape

Protect your family. Every vehicle should have a Handybar®.

IMPORTANT INFORMATION

Some late 1980s and early 1990s North American cars may have door striker pins that are not suitable for the Handybar®. Please ensure that your vehicle door striker has two screws or bolts attaching the striker to the doorframe. If your vehicle has a light switch in the striker, be sure that the Handybar® does not interfere with its operation.

For more information or customer support, visit our website at www.handybar.com or call our customer support line: +1-250-658-4089 or toll free within North America: 1-888-738-0611.

Handybar®

The personal safety and support handle for you and your vehicle

"The Handybar® makes getting in and out of my vehicle easy!"

ADDITIONAL SAFETY FEATURES: emergency seatbelt cutter and side window breaker!

Recommended by Doctors and Health Professionals

Side window breaker

Emergency seatbelt cutter

ADDITIONAL SAFETY FEATURES:

Everyone can benefit from the Handybar®:

- People with physical challenges
- People recovering from surgery or injuries
- People with back or leg problems
- Expectant mothers
- People with vehicles low to the ground
- People with trucks and SUVs
- Anyone trapped in their vehicle

How to use the Handybar®:

- 1.** Locate the U-shaped striker on your vehicle door frame. (Your striker may look different.) The striker is a very strong component of a vehicle.

- 2.** Insert the **Handybar®** firmly into the striker, as shown.

- 3.** When the **Handybar®** is firmly wedged into the striker as shown at left, it is safe to use for support and balance.

- 4.** Support yourself on the **Handybar®** as you get in or out of your vehicle, the same way you use the arm of a chair when sitting or rising.

What people are saying about the Handybar®:

"I feel much safer knowing that I could get out of my vehicle in an emergency."

New device godsend if you have difficulty getting in or out of your car.

Victoria Times Colonist

"The Handybar makes getting in and out of my vehicle easy!"

"I received one for my birthday last January, and find it a great asset in getting in and out of my Honda Accord."

Yours truly,
Peter F.

"I think the Handybar is a wonderful invention, and would highly recommend it."

Yours truly,
Mary P.

Someone you know deserves the Handybar®!

"Finally, I can get in and out of my car by myself, easily and comfortably every time!"

The Handybar® is recommended by Doctors and Health Professionals.
