

Beauty comb

Beauty hairbrush

Beauty comb and hairbrush

There are two lengths of the Beauty comb and hairbrush. They are curved to follow the shape of the head. This means that the handle can be held close to the body without losing power or reach.

Description	Item no.	Description	Item no.

Beauty hair washer

Beauty hair washer

The hair washer is used instead of the fingers to apply shampoo and massage the scalp. The shaft and handle are of the same design as the body washer, making it easier for the user to reach the head without putting strain on the hands, shoulders or arms.

Length:	36 cm
Weight:	112 g

Beauty body washer

Description	Item no.
Body washer	8021 0058
Spare wash cloth for body washer	8021 0101
Length:	38 cm
Weight:	112 g

Beauty body washer

The shape of the body washer makes effective use of the power of the shoulders, arms and hands. The ergonomic design makes it easier to get at all parts of the body. It has a replaceable wash cloth in a special material that washes effectively without absorbing water. This means the washer stays light and balanced even when wet.

Beauty back washer

The design of the back washer makes it possible to reach all over the back without straining the hands, arms or shoulders. The replaceable wash cloth washes effectively without absorbing water. The washer stays light and balanced even when wet.

Beauty nail file holder

Beauty nail file holder

Nail files are usually impossible for weak or stiff fingers to manage. The nail file holder rests securely in the whole hand and is therefore easy to use. The disposable file is also easy to replace.

Material: Polypropylene and polypropylenebased TPE
Wash cloth: Nylon with polythene inner lining
Nail file: emery board

Design: Ergonomidesign
Beauty product designs are registered
Care: Beauty wash cloths (nylon fabric and inner lining) are machine-washable at 60°C
