

## Light combination and angled cutlery

Light is a cutlery series with good design and function which facilitates eating. This cutlery is available in a number of designs and is intended for people with little strength and mobility in their hands and arms. All our cutlery is dishwasher-safe.

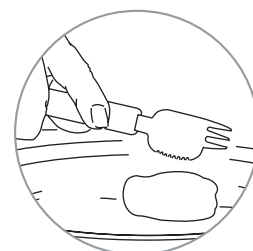

## Combination cutlery

This combination cutlery consists of a knife/fork and knife/spoon and is designed for people who are only able to use one hand. The handle permits a secure grip, with its rounded underside and flat upper side. The knife/fork is available in both right-handed and left-handed versions, while the knife/spoon is suitable for both right-handed and left-handed use. The cutting edge is on the underside of the cutlery to prevent injury to the corners of the mouth.

Description	Item no.
