

Hi-Loo toilet seat raiser with brackets

Hi-Loo is a range of stable, ergonomic toilet seat raisers that facilitate sitting down and getting up from the toilet. To provide ease of access they come with a recess at both the front and rear.

Hi-Loo with brackets

Hi-Loo with brackets is suitable for users who need a raised seat that sits securely yet can easily be lifted off. Therefore it is superb for temporary use or to take along on journeys. The Hi-Loo is easy to fit to most types of toilets thanks to the adjustable brackets. The ergonomically designed seat has a recess at both front and rear to provide the best access. The Hi-Loo toilet seat raiser is easy to clean thanks to its smooth surfaces. It is available in three different heights – 6, 10 and 14 cm.

The Hi-Loo with brackets, 6 and 10 cm height, are available with or without a lid.

Adjustment for safe and stable use on any toilet is easy, using the brackets covered in friction rubber.

The Hi-Loo can easily be placed on and lifted off the toilet.

The Hi-Loo with lid.
