

Rufus shower chairs

Rufus is a series of functional and safe products that facilitate sitting in the shower room or bathroom. All our products come flat-packed and are easy to assemble.

Rufus folding shower chair

A foldable shower chair for the user who needs both a backrest and armrests to sit safely. The chair folds up and is easy to transport or put away when not in use. The seat can be angled forwards – handy for users with stiff knees or hips. The seat height can be set from 45 to 60 cm thanks to the telescopic legs on the chair. The backrest is available as either a hard backrest or a back strap.

Description	Item no.

Rufus wall-mounted shower stool

The Rufus wall-mounted shower stool is an appropriate alternative when you want a stool that is always available but can be folded up out of the way. When the seat is pulled down the support legs fall automatically to the floor. The sturdy, secure design provides plenty of stability at sideways transfers. The legs are fitted with adjusting screws for exact adjustment on sloping floors.
